

## POULTRY SHOW DINNER

OFFICIALS, JUDGES AND OTHERS  
TELL EXPERIENCE AT IN-  
AUGURAL BANQUET

Glendale-Tropico Poultry and Pet Stock Association's annual show was opened Thursday by a banquet attended by the officials of the show, the judges and some of the exhibitors. The banquet was served in the Hotel Gray and developed a great deal of interesting information from those present.

Dr. G. Irwin Royce, president of the association, presided, and in his position as chairman and toastmaster exhibited a thorough acquaintance not only with the subject matter of poultry but also with the personnel of its audience. Those present were: Dr. G. Irwin Royce, president; Dr. A. M. Duncan, Tropico; Mr. Hall, Mr. Cutting, Tropico; Mr. St. Clair of the Glendale Evening News; Mr. A. T. Cowan, proprietor of The Glendale Evening News; Mr. R. H. Whitten, Mr. W. M. Ross, secretary of the association, and Mrs. Ross; Mr. J. H. Oliver, treasurer of the association; Mrs. N. Brown, Miss Helen Harmon, Miss May B. Dewitt, Mr. R. V. Moore. The judges: J. L. Harrison, E. E. Emerson, Fred K. Espe, J. C. Williams, A. G. Goodacre, Harold Walthew, R. V. Moore, J. D. Mercer. Mrs. J. L. Finan, the judge of cats was compelled to leave before the banquet opened. Mr. H. W. Wood and Mrs. Wood, Mr. A. P. MacDonnell and Mrs. MacDonnell.

President Royce said that the officials of the local show thought that a local show was best for this district. They might have thrown it open to a wider district, but they believed that the best results would be attained in this manner. He said that the exhibit now being viewed was the best that had yet been brought together. It showed that the breeders of Glendale-Tropico district were doing something for Southern California.

Mr. J. L. Harrison, judge of Rhode Island Reds, said that when the amateur took to live breeding he might as well content himself with the glory acquired and forget about the financial end of the business. He pointed to the fine exhibit they had in the present show and said that it indicated that times had improved. A new era of prosperity was advancing that would be highly favorable for poultry breeders.

Mr. E. E. Emerson said that since he had left a business career in Los Angeles to take up chicken ranching in Burbank, he had improved in health as well as in other respects. It pleased him greatly, he said, to see the first-class birds which were on exhibition. They were as high-class birds as were to be found anywhere. He said that the White Plymouth Rocks were as high-class birds as were to be found at any such show. He spoke of these in particular, because he was best acquainted with them. He believed that the show would result in development of the poultry industry in this district.

Mr. John D. Mercer, the "Cornish" judge, said that he was astonished to find such fine specimens in his division. The longer he lived the more he became conscious that he knew very little. He learned something at every show. He believed that the breeders of this district were as good as those of any part of the country. The specimens he had seen of the Cornish breeds here were as good as many of those in the San Francisco show, where he had been a judge, and better than a great many of them.

Mr. Fred K. Espe, the judge of the Barred Rocks, said that he was persuaded that Glendale was an ideal place for the raising of poultry. It was sheltered to a great extent from cold winds. He believed that there would soon come a time when there would be a much larger poultry show in Glendale.

Mr. J. C. Williams, judge of Leghorns, said this was a famous little show; while not being at all insignificant in quantity for the district from which it emanated, it was certainly distinguished by quality. He said that he had never seen a show with more excellent specimens of high-class poultry. Mr. Grant Curtis, editor of the Poultry Journal, of San Francisco, came down here recently and was so pleased with what he saw of the chicken ranches and with the spirit and knowledge of the breeders that he remained here to gather the news and information he needed for his magazine. The White Leghorns here were of a quality and class not surpassed anywhere.

Mr. A. G. Goodacre, judge of Orpingtons and Anconas, said that many of the birds in the class he judged should have been at the San Francisco Poultry Show. He hoped to see the greater part of them at the coming Los Angeles show.

Mr. R. V. Moore, judge of pigeons, rabbits and miscellaneous, said that

## CANDIDATE FOR SUPERVISOR

STEPHEN C. PACKER'S NUMEROUS FRIENDS INDUCE HIM TO CON-  
SENT TO RUN AS SUPERVISORIAL CANDIDATE  
FOR THE FIFTH DISTRICT

It has long been considered desirable that Glendale should have a representative on the Board of Supervisors. Just as the necessary vacancy occurs the right man appears for the place. Mr. Stephen C. Packer, 1462 Riverdale Drive, who has been a resident in Glendale for a number of years, has so far commended himself to a large majority of the people of Glendale that he has been urged to consent to run as candidate for the position of supervisor in the supervisorial district.

Mr. Packer has graciously acceded to the wishes of his friends and is now a candidate for the position. His friends have taken the matter of his candidature entirely into their own hands and are making the canvass for him. They have circulated a petition in his favor. This petition now contains more than 2000 names.

Coming to Glendale from the state of Washington, Mr. Packer at once threw himself into the work of ad-

vancing the welfare of the city he had chosen as his residence. For several years he has been active in every good civic work. He has erected several buildings in Glendale, both in the residence and business section, and is in every way a man of affairs and experience.

Now that the campaign for his candidature has been fairly started Mr. Packer will carry it on himself. His energy and knowledge are likely to make this campaign a success. He will make a thorough visitation of the field carrying on a minute canvass of the constituency. He has friends everywhere, in every walk of life, and his own practical experience will enable him to take advantage of every point in his favor.

There can not be any doubt of the immense advantage it would be to the Fifth Supervisorial district to have a man like S. C. Packer assisting in its administration. The electors of the district may look out for a whirlwind campaign.

## VAN DEN BERG RECITAL

There are probably not half a dozen pianists in the world who could have carried out the program presented by Mr. Brahm Van Den Berg at Trinity auditorium, Thursday night, to the success which he made of it. The Chopin etude is one that demands the highest technical ability. Van Den Berg played the two exacting numbers of this "badinage" with an ease and charm that would put him in the first rank of pianists if he were not there long ago. It is not saying too much to state that there is no other pianist in this part of the world who could, with any prospect of success, have attempted the Brahms version of a Chopin etude, the Weber Rondo, the Liszt Paganini studies and the Godowsky-Chopin arrangement. The modern works by Blanchet, Granados, Albeniz and Ravel were unique and exacting; but they were all lighted up and marvellously charming and full of meaning by Van Den Berg's profound genius. Glendale might well be proud of having in its midst a musician of Van Den Berg's caliber.

## DEATH OF MRS. F. A. HILL

Mrs. Fanny A. Hill, wife of Mr. W. J. Hill, of Brawley, Imperial Valley, died Wednesday evening at 10 o'clock, at 714 W. Broadway. Mrs. Hill was 54 years of age, and had suffered for some time with an affection of the heart. Besides her husband she leaves a son and daughter, both of whom are resident in Los Angeles. The funeral services will be held in the Jewel City Undertaking parlors, Friday, at 11 a. m. Interment will be in Forest Lawn cemetery.

## TOPAZ

The word topaz comes from the Greek verb signifying to guess. The jewel was brought from the east and was reported to have come from an island, and men then guessed at the location of the isle which produced such beautiful gems.

## DOMESTIC SCIENCE LECTURE

Those who missed the Domestic Science lecture, at the Union High School, Wednesday afternoon, deprived themselves of a great treat. Mr. W. M. Shaw of the White Market was present and gave a most interesting, practical demonstration of the best methods of cutting and choosing cuts of beef and mutton. The lecturer employed a whole side of beef in his demonstration and a whole sheep. He rapidly and dexterously cut up the meat into different cuts and explained their food values.

It is the purpose of the Federation of Parent Teacher associations to make these lectures on domestic science of great value to parents in the selection of foods and proper combinations of foods to make the most perfect meals. Proper nutrition is the basis of right physical development. These lectures will be given regularly the second Wednesday of each month under the direction of Miss Hanson.

WASHINGTON, Dec. 10.—Resolutions demanding sufficient appropriations from Congress for the continuation of the development of the waterways of the country were passed at the closing session of the National Rivers and Harbors Congress here today. The resolutions declared that in view of the demand for national defense waterways development should be pushed to place industry in a position where it could withstand a war. Officers were to be elected and congressional committees appointed.

Mrs. Zay Rector Bevirt, of San Diego, will give a talk on the Dunning system of music and her own work on "Teaching Piano by Harmony Diagram" at the residence studio of Mrs. Eva J. Cunningham, 1414 Salem street, Saturday, at 2:30. Mrs. Cunningham's class will also give a demonstration. Any one interested in the study of piano or harmony are welcome.

## POULTRY PRIZE LIST

JUDGES AT GLENDALE-TROPICO  
SHOW DO THEIR WORK WITH  
DISPATCH AND EXPERT  
KNOWLEDGE

One of the distinguishing features of the Glendale-Tropico Poultry and Pet Stock Association's exhibition, on the opening day, Thursday, was the celerity and expert dispatch with which the judges selected the prize winners. There was a judge for each class and each judge was a man of wide experience and knowledge, both of the class he judged and of this kind of exhibition. Their awards were made with absolute impartiality and have given general satisfaction. At some recent shows in this vicinity the judges' awards were not given until the second day, a condition that created great dissatisfaction.

Ribbons for first, second and third in each class were given by the association, for cock, cockerel, hen and pullet. Ribbons were also given for first, second and third in every class of pigeons, rabbits, cage birds and cats. The judges made the following awards on that basis:

## POULTRY SHOW DINNER

(Continued from page One)

many of the birds here were the best ever penned outside of San Francisco.

Mr. Harold Walthew, judge of Bantams, said briefly that the collection of bantams was one of the best he had ever seen. He commended Mr. Walter Ross, the secretary, for his excellent work in connection with the association.

Mr. Ross, replying to this commendation, said that the idea of the local show was that it should be confined to local exhibitors. He regretted that owing to the change made suddenly in the arrangements for a building in which to hold the show it had to be held in three separate stores. He hoped they might have that changed next year. He also expressed the hope that all the prize-winning exhibitors would send their birds to the coming Los Angeles show.

Mr. A. T. Cowan, proprietor of The Glendale Evening News, said that he had once been president of a Poultry Association for three years and his connection with it was chiefly because he could help to advocate the cause of the association through his paper. He was something in the position of Mr. Harrison's amateur. He had to content himself with the pleasure he got and forget the financial end. He liked to aid such associations as much as possible because he believed that the interest taken in such businesses as poultry breeding was beneficial to the community.

Mr. Whitten, the famous breeder of White Orpingtons, said that he thought the breeders should pay more attention to the financial end of their business. He believed in advertising. He had received excellent results from advertising in the poultry and farming magazines. He urged his audience to advertise. They would create a desire for their wares by judicious advertising. Though this had been what might be called an off year, yet by advertising and keeping his goods before the public he had done well. He had raised large numbers of Orpingtons and had sold them at reasonable prices.

#### PACIFIC AVENUE BAZAAR

Great interest is being taken in the entertainment tonight at the Pacific Avenue school. The teachers have been training the children in a clever little Christmas play, which is certain to bring out a large audience. This, too, is Father's night, and there should be a record attendance. After the entertainment a bazaar will be held. Many nice Christmas articles will be on sale. There will be good things to eat, pleasing music, and a good time generally. Don't forget tonight, Friday.
